

Transition Questionnaire

We are very much looking forward to welcoming your child into Reception at Waterloo Primary School. To help make their transition into school as smooth and positive as possible, we would like to learn as much as we can about them before they start.

We kindly ask you to scan the QR code or follow the link to complete the questionnaire. It is important that you answer the questions as honestly and fully as possible. The information you provide will be invaluable in helping us to understand your child's individual needs, interests, and any areas where they may require additional support. It will enable us to plan carefully to ensure your child feels happy, settled, and confident as they begin their learning journey with us.

Thank you for taking the time to help us support your child's successful start to school life.

Starting Reception Guidance

Please follow the QR code for guidance on how best to support your child before they start in Reception.

This guidance has been put together by a range of professional bodies and outlines the personal, social, emotional and physical skills that most children will develop by the time they start school.

The definition has been created to help parents, caregivers, and Early Years Professionals involved in looking after young children get them ready to start school.

We encourage all parents and families to use this definition to support their children before they start school, so that they are ready for their first day.
